Reason for derogation request (Tick X)? (Please refer to the Organic Seed Database at https://ie.organicxseeds.com for availability)

☐ a. No variety of the species which I want to use are registered in the organic seed database

☐ b. The seed supplier is unable to deliver the seed or seed potatoes before sowing or planting despite ordering the seed or seed potatoes in reasonable time

☐ c. The variety which I want to use is not registered in the database and I can demonstrate that none of the registered alternatives of the same species are appropriate for my production (you will need to indicate the reason they are not appropriate)

☐ d1. For research purposes

☐ d2. To test in small-scale field trials

☐ d3. For variety conservation purposes

☐ e. The seed is part of a grass or forage mix containing at least 50% organic seeds.

If reason is c, please indicate how you can demonstrate that none of the registered alternatives of the same species are appropriate for your production and the reasons why they are inappropriate:

Non-organic untreated seed and/or non-organic untreated vegetative propagation material* may not be sown until the requisite derogation approval has been obtained prior to planting. The species, variety and quantity must be provided.

I confirm that application for a derogation is being made in accordance with the requirements of 2.07 of the standards

Single Varieties
Derogation sought to use a single variety of untreated non-organic seed/untreated non-organic vegetative propagation material*
*Non-organic vegetative propagation material includes seed potatoes, onion sets, strawberry runners, fruit tree stock and bud material but excludes any non-organic vegetative propagation material contained in growing medium such as transplants/potted plants
