## Non-Organic Livestock Grazing In-Conversion or Symbol Land (only applies to non-organic animals brought-in for grazing purposes)

This template must be completed and details retained in the Record Book if non-organic livestock are used to graze the symbol or in-conversion land during the current calendar year

Non-organic livestock may use organic pasturage for a limited (maximum of 120 days per calendar year) period each year, provided that they have been raised in an environmentally friendly way on land supported under Articles 23, 25, 28, 30 31 and 34 of Regulation 1305/2013 and that they are not present at the same time as organic animals. on that pasture, in accordance with the conditions outlined below.

Producers will be required in the first instance to source organic animals for grazing purposes. Where these are unavailable, the operator will be required to justify the grazing of non-organic animals.

The grazing of non-organic livestock on organic or in-conversion pasture is subject to the following conditions:

- a) The grazing is for pasture management or disease control purposes;
- b) The period does not exceed 120 days per calendar year;
- c) Such animals come from farming systems as defined in standard 3.03.13;
- d) Organic animals are not present on this pasturage at the same time;
- e) Withdrawal periods for medications must be observed as specified in section 3.12 of these standards;
- f) Such animals must be treated as specified in these standards whilst they remain on the land;
- g) Such animals and their by-products may not be sold as organic;
- h) Animals grazing organic/in-conversion land may not be fed any feedstuffs possibly containing genetically modified organisms or derivatives thereof whilst grazing this land;
- i) A grazing agreement is drawn up between the organic producer and the owner of the livestock stipulating the specific conditions pertaining to such grazing;
